

## 1971 Oliver & Gilpin Pilot House

Price: \$250,000

Iconic, sea-worthy, and economical, Lady Tana is offered for sale in turn-key condition. Ideal for extended cruising or as a spacious live-aboard, with 1400L of fuel, 1000L of water and a large solar system. Originally built by Oliver & Gilpin from full length kauri, with the pilothouse conversion and mahogany interior completed in 2000 by Hutcheson Boatbuilders in Tauranga. Powered by bulletproof twin 4-236 85hp Perkins engines, reconditioned and with oversized gear boxes giving a true 8 kts cruising speed at 1800 rpm. At this speed, in the pilothouse you can barely hear the engines and are only using 9L/hr combined. Incredible for a 15m vessel. The saloon flooring hinges up across the full width, giving walk around access around the engines. Excellent vision of the bow and stern from the helm. Sleeping for 8 with twin singles plus child's bunk forward, double in a master cabin midships, single in the pilothouse and single plus fold down double in the main saloon.

## Description

LOA: 15m

Beam: 4.23m

Draft: 1.2m

Berths total: 8 berths

Designer: Oliver & Gilpin

Builder: Oliver & Gilpin

Launched: 1971
