

2017 McLay 701 Gamefisher

Price: \$189,000

The 2017 McLay 701 Gamefisher, a 7-meter (approximately 23-foot) aluminum boat, is a popular choice for fishing and recreational boating. Known for its spacious fishing platform, ample storage, and robust construction, it's designed to handle all conditions, with a focus on both fishing and family enjoyment. The McLay 701 offers a large fishing area, typically found on larger boats, providing ample room for fishing activities and gear storage. It features plenty of storage space for fishing tackle, gear, and even dive equipment, with features like a large underfloor wet locker.

McLay boats are known for their sturdy construction and durability, with the 701 being no exception.

The boat is designed for good handling in all conditions, including offshore work.

While primarily a fishing platform, the 701 can be adapted for overnight trips with the addition of features like a toilet, shower, and rod holders. The boat offers comfortable seating and a lined interior, creating a warmer and more pleasant environment. McLay incorporates safety features like a deep-sump, auto bilge pump, and fail-safe electrical systems (including a triple battery system). Standard features include a bait board with a drawer, roof and deck handrails, sliding wheelhouse windows, and a curved safety glass front window.

The Gen 2 model features a sleeker design with a higher bow and raised sheerline for improved handling in rough seas. In essence, the 2017 McLay 701 Gamefisher is a well-regarded boat that balances fishing functionality with comfort and versatility, making it a popular choice for those seeking a capable and reliable vessel.
