

2000 Fairline 65

Price: \$650,000

Step aboard Blue Horizon, a 2000 Fairline 65 that embodies everything a discerning yachtsman seeks—pedigree, power, luxury, and long-range capability. Built in the United Kingdom by the legendary Fairline Yachts, Blue Horizon represents the pinnacle of European craftsmanship. Her elegant lines and unwavering offshore poise make her a vessel for those who appreciate both style and substance.

Power & Performance

Driven by twin 900hp MAN diesels with only 1,202 hours, Blue Horizon delivers quiet authority and absolute confidence at sea. Cruise comfortably between 10–18 knots or unleash a decisive 24-knot sprint when conditions demand it. Her long legs and proven reliability make her the ideal partner for extended offshore adventures, luxury family voyages, or corporate retreats at sea.

Luxury Accommodation for the World-Class Traveler

Blue Horizon is designed to pamper. Her layout offers outstanding privacy, comfort, and sophistication for owners and guests alike:

- Full-beam Owners Cabin with a Queen bed and a private ensuite bathroom featuring a bathtub—a rare indulgence even in this class.
 - Guest Cabin with its own Queen bed and an elegant, shared ensuite, ideal for adult guests or VIP couples.
 - Twin Cabin with twin beds and a private ensuite, perfect for crew, family, or long-stay guests.
 - Bunk Cabin with twin bunks and a shared ensuite, offering versatility for children, crew, or additional visitors.
- Every space is finished to a high standard, delivering the unmistakable refinement only a Fairline can offer.

Systems for Effortless Luxury Cruising

A 17 Kva genset ensures seamless power for extended stays at anchor.

A bow thruster provides fingertip precision in tight marinas, while aft mooring winches take the work out of stern-to or med-style berthing.

Why Blue Horizon?

Because she is more than a yacht—she is a statement. A floating penthouse. A private escape. A vessel capable of transporting you, your family, and your lifestyle to wherever the horizon calls.

If you are searching for a yacht that blends long-range performance with unmistakable luxury—and carries the prestige of one of Europe's most respected builders—Then Blue Horizon deserves your attention.
