

1987 Markline 1100 Deluxe

Price: 120,000

These Markline 1100's are extremely popular vessels, being constructed in solid fiberglass making them as maintenance free as any good quality vessel can be, and don't they look good going through the water. Their styling is as good today, as it was 36 years ago when she was launched. Our vendor says "She's a good old boat, and the motors use no oil or water after 3500 hours run time.
