

1988 Markline 1100

Price: \$140,000

The 1988 Markline 1100 is a popular New Zealand-built flybridge cruiser known for its comfortable, well-equipped design suitable for family cruising and extended stays. These boats are generally regarded as well-built and capable of handling New Zealand's coastal waters. Ashleigh Paige is a nice example of these boats, and she is powered by twin 200hp Volvo diesels and is shaft driven via hydraulic gearboxes. She has a spacious saloon, galley, and ample accommodation. These vessels are exceptionally good family boats and have been produced in New Zealand for New Zealand conditions.
