

2017 Naiad 7.3m

Price: \$199,000 **ONO**

VESSEL SELLING POINTS – Naiads are known around the world as the 4-wheel drive of the sea with leading innovation and design in its RIB hulls. This Naiad 7.3 is one of the first to have the 2-step hull, making it more efficient and keeping the smooth stable ride Naiads are famous for. The owner, an experienced boatie, had this boat built to SURVEY by Naiad in Picton, with a custom curved cabin which not only looks great but creates more room inside. To make launching and retrieving easy the trailer is fitted with a “Launch and Retrieve” boat latch. With only 100hrs on the regularly serviced 300hp Yamaha and always stored inside Kermit presents in near new condition and is ready for whatever adventures the new owner has dreamed of.
