2004 Ganley Pacemaker

Price: $170,000

This is an exceptional Ganley Pacemaker- steel offshore and coastal cruising yacht, presented in immaculate condition and clearly cherished throughout her life. With only two owners since new, she has been meticulously maintained, exceptionally well built, and thoughtfully upgraded over the years. She carries a huge inventory of gear, making her an outstanding choice for Bluewater passages or comfortable full-time living aboard. Ganley yachts are renowned for their rugged steel construction, sea-kindly handling, and offshore capability. This example stands out as one of the finest—beautifully kept, solidly engineered, and ready to sail anywhere. With a full sail wardrobe and powered by a Nanni 72 hp (Mercedes OM616), she comfortably cruises at 6 knots under engine. On deck, everything is well laid out with generous space, making movement easy and safe. The cockpit can be fully enclosed with clears for protection or opened to enjoy fresh air and sunshine. Below decks, the interior is warm, inviting, and highly practical. The impressive galley is equipped with everything needed for serious liveaboard cruising—including conveniences like a bread maker and coffee machine. Her layout was purposely designed for excellent airflow, making life aboard in hotter climates exceptionally comfortable. Waiora truly needs to be seen to be appreciated. She is a rare find: a lovingly maintained, exceptionally capable yacht with the strength, comfort, and equipment to take you anywhere.
