

1986 Roberts Mauritius 44

Price: \$75,000

Are you looking for a strong, large-volume, offshore-capable yacht? Look no further — Arrochar is priced to SELL. The owner has already purchased a new boat, so this vessel must go. Arrochar is a Bruce Roberts Mauritius 44 ketch, built in South Africa and launched in 1986. She has proven herself as a capable offshore cruiser with solid blue-water credentials. Powered by a 60hp Ford engine, she cruises comfortably at around 7 knots. On deck, Arrochar offers a roomy, well-laid-out deck area that is easy to move around, meaning she is comfortable whether underway or on anchor. As a ketch, her sail plan is naturally balanced and manageable, and with the added bow thruster, she is easy to handle single-handed, even in tight marinas or challenging conditions. Below deck, Arrochar offers 7 berths with flexible sleeping arrangements — choose from up to 3 doubles and 2 singles, or 1 double and 5 singles depending on your needs. The interior features a roomy galley and spacious saloon area, complete with a pantry — ideal for liveaboard comfort or extended cruising. She comes with a brand-new Victron electrical package ready for installation.

Whether you're after a dependable liveaboard, a family cruiser, or a rewarding project for someone who loves to tinker, Arrochar has enormous potential and is ready for her next adventure.
