PARKER MARINE GROUP

2007 Gulfstream 380 Price: $189,990

The hull of this vessel was designed and built by Gulfstream Boats, with the decks and superstructure finished by the owners Father In-law, Doug Field. Whiplash is a unique vessel in both her look, and her 100% solid glass construction.
Powered by a 555hp Caterpillar Diesel with only 800 hours driving through a Cat transmission with only 200 hours, through to a 4 blade Tiger prop, Whiplash cruises at 14 knots and runs home at 24 knots if needed.
She has a Bowthruster which was fitted in 2024 along with electric trimtabs.
This is an unapologetic vessel that makes no claim to be a Gin Palace. This is a serious fishing vessel for the serious fisherman or fisherwoman.
