

2017 Bluefin 780

Price \$149,000

For Sale: 2017 Bluefin 780 — The Ultimate Offshore Fishing & Family Cruiser

Step aboard an exceptional blend of performance, versatility, and seaworthiness — the **2017 Bluefin 780**, proudly built by **Sportcraft Marine**, a name synonymous with rugged Kiwi craftsmanship and offshore confidence.

Power & Performance:

Powered by a **250 hp Honda VTEC outboard** with just **212 hours**, this Bluefin delivers smooth, efficient power whether you're blasting across the harbour or chasing fish offshore. Honda's VTEC technology gives you outstanding throttle response, fuel economy, and reliability — meaning more time on the water and less time worrying.

Seaworthy & Solid:

Sportcraft Marine's Bluefin series is renowned for its robust hull design — a deep-V form that punches through chop with confidence, giving you a dry and comfortable ride even in less-than-ideal conditions. Whether it's early morning fishing trips or weekend escapes with family, this boat inspires confidence in all sea states.

Standout Features:

Purpose-built fishing layout with generous cockpit space and solid rod storage — ideal for serious anglers.

Centre console design with wraparound windscreen — shelter from the elements and excellent all-around visibility.

Tackle and gear storage — smart lockers and compartments keep your equipment organized and accessible.

Comfortable seating with cushioned bolsters and backrests

Quality marine electronics & rigging ready — easily supports fishfinder/GPS, VHF, and more.

Well-presented and maintained, with a tidy engine bay, clean upholstery, and recent servicing.

Why a Bluefin 780?

The Bluefin 780 is a proven performer that suits both the passionate angler and the family boater. Its thoughtful layout balances functionality with comfort — ample deck room for fishing rig rigs, seating for a comfortable day afloat, and reliable, efficient power to make every journey enjoyable.

Summary:

If you want a boat that's tough, capable, and ready for action — whether heading offshore for tuna, cruising between anchorages, or simply enjoying summer days on the water — this **2017 Bluefin 780 with Honda VTEC 250 hp** is a standout choice. **!
