

SMP, Stainless Marine Products is a supplier of stainless steel products, manufactured by a company that is 100% NZ owned and operated.

Everything is manufactured in New Zealand to ensure not only better quality control, but a quicker turnaround time.

SMP's supplier is the largest stainless steel accessory provider to the New Zealand powerboat industry and manufactures stock items for most of the New Zealand power boat market.

What this means for you the end user is we will more than likely already have a solution that fits your boat perfectly.

If we don't we can manufacture the item to your specific needs.

All our marine products are produced using 316 marine grade stainless steel and are made to last the distance.
